Effective December 14, 2022, Hartnell has lifted its requirement that students and employees provide proof of COVID-19 vaccination. However, also in line with county and state guidelines, Hartnell continues to strongly recommend masks be worn by all persons in indoor public settings (classrooms, Student Center, library, etc.). Hartnell has established an email address --covidnotification@hartnell.edu-- for notification by employees and students who have experienced possible exposure, developed COVID-19 symptoms, or tested positive within three (3) days of having visited one of our campus locations. This will allow us to respond and ensure that all precautions are taken to ensure the safety of others. For more information related to COVID-19, please see the [Frequently Asked Questions](#) webpage.
