# Assessment Update

---

---

11-08-2022

Dave Beymer  
Cheryl O'Donnell

# Assessments for Fall 21\*

- We sent out **340** section scorecards - 66%
  - **226** were completed
  - **114** were not completed
- We sent out **112** Action Plans - 66%
  - **74** were completed
  - **38** were not completed

\*First semester coming back after COVID

# Assessments for Spring 22

- We sent out **419** section scorecards - 79%
  - **330** were completed
  - **89** were not completed
  
- We sent out **169** Action Plans - 44%
  - **75** were completed
  - **94** were not completed

# Assessment for Summer 22

- We sent out **19** section scorecards - 53%
  - **10** were completed
  - **9** were not completed

# Upcoming Assessments and Updates for Fall 22

- At current we have 139 courses scheduled, approximately 434 sections.
- However, we know we have 9 calendar updates, and the deadline for faculty is September 30.
- Starting October 3, O & A Team will review information provided by faculty from Convocation activity.
- We will have the final course and section count by October 10, 2022

# You Never Know . . .

- October 2 - Ransomware attack
  - Unable to complete follow-up tracking of completion of action plans, etc. due to authentication server
- As of 11.08.22, no idea when Nuventive or eLumen will be back up. President Gutierrez made note and was going to inquire.
- Even if it might be possible to complete . . . this is not a semester to assess student learning

# Plan B

- PPO&A meeting on Monday, November 14
- Discuss other SLO/Assessment activities that might happen
- Adjust the assessment timeline by one semester to one full year
- Potential activity for spring
  - Do a review/rewrite of Course SLOs through the lens of equity and perhaps Meta Major perspective with an expected implementation of the next assessment cycle

**Your Thoughts?**

**Thank you for your time!**
