

Academic Affairs BP/AP Review Proposal

In all BP/AP revisions on this list the use of gender neutral pronouns will be substituted where applicable.

	BP	AP	Notes
1	4240 No change needed	4240 Academic Renewal	Change to academic renewal procedures proposed by Academic Senate. Currently going through council approval.
2	4025 maybe no change needed	4025 Philosophy and Criteria AA/AS, BA/BS and GE	Align with updated Associate Degree General Education regulations . Currently going through council approval.
3	4015 Work Experience Education	No AP	New work experience regulations . Purpose is delineated in new regulations and can be quoted in BP. Requirement to file CWE plan was repealed. Does this also need an AP?
4	No BP	4031 Academic Dishonesty	Mentions a specific platform that we don't use. Has no mention of AI. Includes re-using prior coursework (multiple submissions) as dishonesty. (Is it really?)
5	4040 Library and Learning Support	4040	Last updated ten years ago. Checking with librarians.
6	4105 Distance Education	4105	"Regular substantive interaction" needed. AP uses "regular effective contact" and only talks about interaction between student and instructor.

			Needs to be aligned with regulation updates . Last revised 2016
7	4260 maybe no change needed	4260 Prereqs, coreqs, advisories	AP last revised in 2014. Regulation changes related to equitable placement legislation and inclusion of both credit and noncredit classes impact the AP.
8	4100 Graduation Requirements	No AP	An AP here could include information that is currently found only in the catalog or on forms, e.g. course substitution, catalog rights, availability of GE reciprocity. Also, in the BP there is a need to reference BA/BS graduation requirements , update the language about the number of units required for a Certificate of Achievement, and include the Ethnic Studies requirement for the AA .
